The FINAL Pete Whelan World Class Collection of Pre-War Blues 78's! (Auction #4)

This is the fourth and FINAL auction from Mr. Whelan's World Class Pre-War Blues collection. I will be keeping the remaining records.

Some will say this auction is the best of the four, and others will say it is the least. It all depends upon your perspective and the state of your collection.

This auction contains some ultra rare rarities, but also some all time classics in BEAUTIFUL condition!

I do not expect to have another auction of such high quality Pre-War Blues 78's for quite some time, if ever! Records like this just don't show up that often any more, except for a few here and there. Most of the "Old-Time" collections have been liquidated and passed on to the next generation. Mr. Whelan's collection was one of the last one of those.

Pre-War Blues 78's are setting "record" high prices, both here in my auctions and wherever else they are

offered for sale. Buy what you like now, because it will be a long time before you will see most of these gems for sale again . . . IF EVER! Bid like you really want to own them or someone else will!

Thank you for all your past, current and future bids and participation and PLEASE get your bids in early. The post office is running slower than ever.
